This section of our website is dedicated to listing the Top Upcoming Mobile games. This list is composed of the best and most popular upcoming mobile games for both Android & iOS devices. We will keep updating (adding new info as well as removing which are already released) the list as time goes on. So check out below for the best upcoming mobile games! Last updated: 05.09.2022 Path of Exile Mobile Publisher: Grinding Gear GamesGenre: Role PlayingPlatform: Android & iOSRelease Date: TBA In November 2019, Grinding Gear Games announced, that they are bringing their hit Free to Play Action RPG Path of Exile for mobile devices. As declared by the studios, the game will be devoid of any "bullshit trends" such as microtransactions and pay-to-win elements. Being developed by the same team that worked on the original console versions, the developers emphasize that the mobile version will be the original game tailored for smartphone screens and smaller gaming sessions in mind. Unfortunately, there is no news on the release date of Path of Exile Mobile. Publisher: Epic GamesGenre: Role-Playing, StrategyPlatform: Android & iOSRelease Date: TBA If you are into thrilling spy games, this is something that would get you on your feet. Epic Games and Bad Robot Games together have developed a thrilling, mix of action and strategy game, SPYJINX. Spynjinx would gameplay in a secret world of espionage with thrilling heist where the player is referred to as Mastermind. The game would feature crazy tech gadgets, have character development RPG mode, and also ahead to head multiplayer mode. With still no official release date yet, the game is currently, only available in some selected countries as an iOS beta. Read our full coverage on Spynjinx here. Publisher: NekkiGenre: Cyberpunk, ActionPlatform: Cross-PlatformRelease Date: TBA In May 2020, Nekki and Banzai Games announced their next project, titled Spine. A third-second teaser of the game is available to watch on various media platforms. Set shortly, the game revolves around an advanced piece of tech by the name of Spine. It's a combat AI that connects to the spinal cord of the human body and can control every muscle. This technology sets up a Cyberpunk Environment. Currently in the pre-production stage, the game looks promising from the teaser. Publisher: NetEase GamesGenre: MMORPGPlatform: Cross-PlatformRelease Date: TBA NetEase is developing a new AAA game, with a tentative title, Project Ragnarok. An open-world adventure game inspired by Nordic mythology. The Ragnarok will have cross-platform support offering a free interactive dynamic open world. With the title being just announced and no release date as of yet, there is much expectation to this game as it would be released on PC, Consoles and Mobile versions. Traditionally known for Chinese MMO style experiences on PC so it will be an interesting experience to see the evolution of triple-A style PC games by NetEase. Publisher: NetEase GamesGenre: MOBA, Open WorldPlatform: Android and iOSRelease Date: TBA Originally slated to release back in 2018, King of Hunters was intended to be Battle Royale mixed with a MOBA that would make its way to both iOS and Android at some stage. Several closed beta tests where a release date was never mentioned. Set in an interactive multi-tire open world, the players will need to equip themselves with the right set of careers and weapons to conquer the world. It's NetEase announcing the game's trailer on Twitter, we can expect a release date finally soon. Publisher: NetEase GamesGenre: CyberpunkPlatform: Android and iOSRelease Date: TBA NetEase has announced a new cyberpunk game for mobile. According to analyst Daniel Ahmad, the game is based in a chaotic and dangerous futuristic city. In this game, players will become bounty hunters to manoeuvre among forces and to make their way to become a legend with crime and darkness are hiding behind the flashing of neon lights this is one of the upcoming mobile games which seems promising with its teaser. With just an announcement, the game is yet to receive any release dates. Publisher: Daybreak Game CompanyGenre: Battle RoyalePlatform: Android and iOSRelease Date: TBA A Battle Royale game, similar to PUBG and Fortnite, where you jump out of an aeroplane with up to 150 other players and start looking for guns, ammo, and then take down enemies. The last one standing wins. Similar to the other games of its genre you can play solo or team up with your mates in groups of four. With a PC and PS4 version already available, NantWorks has joined Daybreak Games to bring this game across mobile platforms. Publisher: NianticGenre: Augmented RealityPlatform: Android and iOSRelease Date: TBA Japanese developers Select Button partnered with Niantic, the brains behind the famous Augmented Reality game Pokemon Go announced their new game which would turn sleeping into entertainment. The game would track the amount of time a user sleeps, using the accelerometer of the external Poké Ball Plus accessory, and communicates the data to the user's mobile device via Bluetooth for sleep-related gameplay. Though the gameplay specifics have not been revealed, it was scheduled to release in 2020 which is delayed. Its unique mechanics make it one of the most awaited upcoming mobile games. Publisher: NianticGenre: SportsPlatform: Android and iOSRelease Date: TBA Ubisoft has revealed that its forthcoming free-to-play multiplayer skating game Roller Champions is coming to mobile. Announced at E3 2019, the game sees two teams of three players skating around a velodrome vying for possession of a ball by tackling, dodging, passing, and otherwise behaving exactly the way a person on skates shouldn't. The game is exclusively available for pre-registration on the game-sharing community app TapTap. You can check out more about this game on their official site. Publisher: Dragon Nest GamesGenre: MOBAPlatform: Android and iOSRelease Date: TBD Dragon Nest is coming up with a MOBA themed Auto Chess game to rival DOTA 2, based on the Auto Chess universe with all Auto Chess characters becoming heroes. The most exciting thing - all the heroes will be free in this game! The upcoming Auto Chess MOBA will not be like the other MOBA games on mobile. There, players would need to grind gold or whatever currency is required to purchase heroes and expand their champion pool. But the announced game will release all heroes for free and allow them better flexibility in their champion selection. This is much more new-player friendly when compared to traditional MOBAs. Will the Auto Chess MOBA be able to compete with the likes of LOL Wild Rift? We'll find out when it releases! Publisher: NetEase GamesGenre: SportsPlatform: Android and iOSRelease Date: 2022 Back in January 2021, NetEase Games announced their first solely developed competitive football game titled Vive le Football. Having the FIFPro License Vive le Football boasts real licensed players from the footballing globe. There is authentic use of in-game player motions from motion-captured by real players making them accurate as much as possible. The developers are yet to announce an official release date yet. With only the alpha test concluded recently, the development progress still has a certain distance from the official launch. Check out our full coverage of the game here. Publisher: Square Enix Co. Ltd.Genre: Battle-RoyalePlatform: Android and iOSRelease Date: September 2022 Square Enix Co. Ltd. has also announced another title in 2021, Final Fantasy VII: Ever Crisis, which is reportedly going to be a chapter-structured single-player title. It will cover the Final Fantasy VII timeline including actual events from the Final Fantasy game and its compilation titles. It is one of the major upcoming games released on mobile in 2022 for both Android and iOS as well. Check out the full coverage of this game here. Publisher: Virtual Realms Ltd.Genre: ArcadePlatform: Android and iOSRelease Date: TBD Square Enix has come up with an announcement of Space Invaders, a new AR game for mobile. One of gaming's earliest successes, this 1978 arcade game was manufactured and sold by Taito in Japan. Read more about the game here. Publisher: Tencent GamesGenre: Action, RPGPlatform: Android and iOSRelease Date: TBD A new open-world zombie game titled Undawn is being developed by Lightspeed & Quantum Studios. The co-op action game is set in a dangerous and unforgiving world, players must fight for survival against the dual threats of zombies and other humans. The game features Player vs Player (PvP) and Player vs Environment (PvE), which make it to our list of upcoming mobile games. Hello? Is anyone out there? Are there any survivors...can you hear me? If anyone is out there...this is the Raven's Shelter Rescue Signal. Please answer if you receive this message... pic.twitter.com/vpfdAhhsxj— Undawn (@UndawnGame) March 24, 2021 Publisher: SupercellGenre: AdventurePlatform: Android and iOSRelease Date: TBD Clash Heroes is one of the three games in the latest game announcement made by Supercell. Players will embark on a top-down journey with their favourite Clash characters to complete epic quests.
