Once upon a midnight dreary, as I pondered, weak and tired, upon many a fruitful and curious volume of forgotten lore as I waved, almost asleep, suddenly came a knock, like a softly banging, knocking on my bedroom door. To tea © Some visitor, murmuring, picking up my camera door is just that and nothing more. I distinctly remember it was December, and every dying ember separately brought his ghost on the ground. In fact I had sought to borrow from my books surcease of sorrow to ourow to the lost Lenore to the rare and radiant maiden whom the angels named Lenore Insignificant here forever. And the silky, sad and uncertain rust of each purple curtain offended Me and filled me with phantom terrors never felt before; So now, to still the beating of my heart, I kept repeating to a visitor who walks into my door of the camera a late visitor entering my door; This is © and nothing more. Currently my soul has become stronger; hesitating, then, no more, the Lord said I, or Madam, truly his forgiveness I beg; But the fact is © that I was asleep, and so softly you came knocking, and so weakly you came knocking, knocking on my door door, that I was barely sure that I heard you here and opened the door wide; The Darkness there and nothing else. Deep in that darkness I looked at, long time I was there wanting, fearing, doubting, dreaming mortal dreams never dared to dream before; But the silence was uninterrupted, and silence gave no token, and the only word that had spoken was the word whispered, Lenore? That I whispered, and an echo murmured back to Lenore! Just this and nothing more. Go back to the chamber My whole soul inside me burning, then I heard a little louder than before. "Hello" is "said I is." © that is © something in my window trellis; Let me see, then, what is © the iTery, and that mist © river explores- let my heart be still a moment and this mist © to explore; It's "is" is "is." © The wind and nothing else! It is open here I have seen the shutter com e, when, with many flirtation and vibration, in there climbed an imposing raven from the holy days of yesteryear; The slightest reverence did him; Not a minute stood still or stood him; But with the Lord's Mien or Lady, he perched above the door of my chamber, perched on a bust of Pallas just above the door of my chamber, and sat down, and nothing more. So this bird's © Bano seducing my sad fantasy of smiling, for the severe and severe decorum of her countenance; Is it "Though your head is shaved and shaved, are you" I'm not sure? Shady Pavorly and old crow roaming the night coast tell me what your maiden name is on the plutonian night coast! It is snow. Much I marveled at this exhaustion of hearing the speech so clearly, although its response little meaning, little relevance. Because we can no longer agree that no living human being has ever been blessed by seeing above its gate of mara- or beast on the carved bust above its cage door, it is with this name as "Neverment". But the raven, sitting alone in the placid bust, spoke only that word, as if his soul in that word he did so © mine. Nothing further, so he uttered a- not a feather, so he shook- up © that I dug up little more than he muttered- other friends flew before- the next day he'll leave me, as my hopes will fly before. So the bird said, "I have everyone." Don't let him leave a black feather like a symbol of that lie your soul told! It's Joshua 1600, it's 1500, Joshua ©, Leave my loneliness intact! Henceforth Johansson left his bust above my door! And your eyes have all the appearance of a demon you dream of, it's 150a, it's midnight; AND THE ALBUD-LIGHT CLASS IS PREPARING THAT IT RUNS ITS SHADOW ON THE FLOOR; And my soul, from that shadow that's floating on the tea is now coffee.
