Whether you're trying to achieve 100 percent completion, or you just need help unlocking a specific weapon, these Just Cause 3 cheats for PlayStation 4 will aid you in your fight for justice. At N 40 42.235, E 5 35.125 in north Porto Darsena, you can find a missile silo and a panel of switches. At this terminal and others like it, you can flip the switches in the specified order to open wormholes to designated spots on the map (switches are labeled 1-4 from left to right): Costa Sud: 1-4-3-4-2-1; Feno: 2-3-3-2-2-3; Trio: 2-1-4-1-2-4; Rebel drop beacons are generally found in liberated areas and near garages. Their locations are represented by download icons on the map. You must complete all daredevil jumps in Insula Striate to unlock the monster truck in the rebel drop menu. One can also be obtained from the incendiario Blast challenge if you exit the challenge before you blow up. You can view the wreckage of the Mile High Club blimp from Just Cause 2 by flying over N 40 48.982 / E 5 36.629 in Maestrale. Take That, Rockstar Games has developed some of the best Xbox games available, with the studio's most recent original game, the 2018 Western epic Red Dead Redemption 2, selling over 40 million copies since launch. Past Grand Theft Auto games have been third-person games with a huge emphasis on building an empire of crime and allowing players to do different jobs and pull heists in a massive, open-world sandbox setting. The Xbox One, PS4, and PC ports of Grand Theft Auto 5 introduced new features, including a first-person mode as well, something we'd expect to see stay in the next game, especially since this first-person mode carried over into the aforementioned Red Dead Redemption 2. Where is the GTA 6 map located? Nothing has officially been announced yet, but we've got an idea of where GTA 6 is taking place. According to well-known Battlefield leaker Henderson, GTA 6 will be set in a modern day Vice City, a city that is based on Miami and the setting for the 2002 title Grand Theft Auto: Vice City. Schreier from Bloomberg notes that this information lines up with what he has heard, with VGC's sources also backing this up. Is GTA 6 an MMO? We don't know, but there will probably be some MMO-type elements. Henderson has indicated that the map will evolve and change over time, in line with how the map of Fortnite has radically changed across various updates. This is also in line with GTA Online, which has added new areas throughout various content updates and expansions across its long lifespan. With that in mind, it's unlikely the game will be a "true" MMO and will almost certainly allow players to enjoy the game by themselves if they want, as Rockstar Games has a long history of providing blockbuster single-player experiences. Who are the GTA 6 characters? We don't know who the main protagonist(s) of GTA 6 will be yet. Some Rockstar Games opt for a single main character, while Grand Theft Auto 5 allowed players to alternate between three different leads: Franklin Clinton, Michael De Santa and Trevor Philips. It's possible we could get just one main character again like past games, or multiple protagonists like in Grand Theft Auto 5. We'll have to wait and see what Rockstar opts to do here. Will GTA 6 connect to the new version of Grand Theft Auto 5? Rockstar Games is publishing a new version of Grand Theft Auto 5 for the Xbox Series X, Xbox Series S, and PS5. It was originally scheduled to launch on Nov. 11, 2021, but was since delayed to March 15, 2022, with Rockstar Games announcing the delay during the September 2021 PlayStation Showcase. This version of the game comes with 4K and 60 FPS modes, alongside faster loading by tapping into the consoles' ultra-fast internal SSDs, alongside other features such as using the PS5 DualSense haptic feedback and adaptive triggers. There will also be a standalone version of GTA Online that's free for PS5 owners to keep if they redeem it within the first three months. It's possible that Rockstar Games is using this port to explore features of the newest consoles and that different features will be carried over into GTA 6, but this is only speculation. What platforms is GTA 6 coming to? Source: Rockstar Games (Image credit: Source: Rockstar Games) Given how far out this game is and taking into account the patterns of past Rockstar Games, GTA 6 is almost certainly coming to the Xbox Series X, Xbox Series S, and PS5. A PC version will also absolutely happen, but Rockstar may choose to port the game to PC sometime after the initial console launch, as this is something of a pattern for the developer, with the company waiting and porting both Grand Theft Auto 5 and Red Dead Redemption 2 to PC around a year after the console versions.
