Fun fact: In real life, Lawson is uncle to Ewan McGregor, who plays Obi-Wan Kenobi in the prequel films. It looks awful, like a scrap-booking mishap, with photos of people that will mean nothing and make no impact on anyone who hasn't already read the book. I must also take umbrage with your hyperbolic quotes: "Irresistible" - Daily Mail No part of this book defies resistance. Photo Courtesy: Lucasfilm/Disney+ Despite her mother's wishes, Lourd wanted to pursue acting as well. Photo Courtesy: Lucasfilm/Disney+ Look closely and you'll discern R2-D2 and C-3PO. It's slow paced, only intermittently funny, and as I've indicated, the artwork is not a grabber. Photo Courtesy: Lucasfilm/Disney+ Although C-3PO is fluent in over 6 million forms of communication, he tells Han that the Falcon has a strange dialect — even by his standards. The answer came from seeing this charmingly pastoral art by Michael Whelan posted online. Cut to 2015. Blue Milk Is a Galaxy-Wide Favorite Nothing says "refreshing" like having an ice-cold glass of blue milk after working your moisture farm under the hot twin suns of Tatooine all day. Instead, this cameo appearance is one that fans learned about after the fact. Due to their violent nature, IG-series droids are largely outlawed in the Star Wars universe, but fans of The Mandalorian will most likely recognize this type of droid from the

original series of films. Rogue One Features an Iconic Ship From "Rebels" As we noted earlier, Rogue One is chock full of Easter eggs, especially where Star Wars: Rebels is concerned, partly because of the way the two overlap. In the scene, fans can spot a dog-like creature, based on Gary, in the arms of a casino patron. At the end of Rogue One Vader looks on as Leia escapes; at the start of A New Hope, the Tantive IV is being chased down by Vader. When McCoin showed Gary the trailer for The Last Jedi, the dog wasn't so interested in his cameo, but his ears did perk up when he heard Fisher's voice. While the fledgling Rebel Alliance scrambles to the Battle of Scarif, an intercom pages at the start of A New Hope, the Tantive IV is being chased down by Vader. "General Syndulla." Photo Courtesy: Lucasfilm/Disney+ Lucasfilm's Dave Filoni confirmed this was a reference to Rebels' Hera Syndulla, the Ending of Rogue One happens a mere 14 minutes before the start of A New Hope. Photo Courtesy: Lucasfilm/Disney/Netflix; Lucasfilm/Disney+ Before Vader cuts everyone down, the rebels aboard the flagship are able to hand off the schematics (on Star Wars' equivalent of a thumb drive) to Princess Leia's crew — just as Tantive IV launches away from the flagship. Taking place between the events of Episodes V and VI, Shadows allows players to take control of Dash Rendar, a freelance smuggler. One of those treasures looks suspiciously like the Ark of the Covenant... (Just don't look too closely!) "Rebels" Characters Appear Briefly in "Rogue One does fan service right: Easter eggs and cameos never eclipse the story's place in the larger Star Wars universe. Photo Courtesy: Lucasfilm/Disney+ An older, bearded Rebel known in canon as Nik Sant bears a striking resemblance to Rex. "The Empire Strikes" Back Features a Type of Droid Familiar to "Mandalorian" Fans In the first episode of Disney+'s The Mandalorian, the first-ever live-action Star Wars series, the titular bounty hunter-for-hire runs into IG-11, an assassin droid programmed to kill. ... I'm gonna make that happen. When Queen Amidala (Natalie Portman) proposes the Galactic Senate remove Supreme Chancellor Valorum from office, the camera pans around the senate chamber, showing us the reactions of a few intergalactic senators. Shoes & Potatoes Fill the Asteroid Field in "Empire" There are few scenes more thrilling than Han Solo's daring navigation of an asteroid field in Star Wars: Episode V—The Empire Strikes Back. Opening Crawls[] FRIENDS LIKE THESE The Imperial Starfleet enforces the will of the Emperor throughout the galaxy, crushing resistance wherever it is found. When Anakin Skywalker and Obi-Wan Kenobi chase an assassin into a bar on Coruscant, footage from Racer plays on one of the screens behind the counter. Photo Courtesy: Lucasfilm/Disney+ A similar shot of those cannon operators is remade for Rogue One — and one of the officers is Johnson. Tatooine crime lord Jabba the Hutt is truly one of the sleaziest characters in the Star Wars universe — and we were thrilled to see Leia take him out in Episode VI. Publisher's summary[] Time is running out for the planet Xorrn in Friends Like These, an adventure supplement for the Star Wars ... Age of Rebellion[™] roleplaying game. He was into ninjas, he liked the A-Team, he though Michael Jackson was pretty amazing. Leia's Cell Number from "A New Hope, the first Star Wars film hit theaters in 1977, grossing an unprecedented \$775 million. The gap in time between him experiencing all this in 2006 and its release in 2008 seems suspect considering it's a book a halfway competent writer could crap out in a month or two. Should I begin with one of his beloved Alien adaptations? His lasting power probably comes in part from the fact that he fights alongside Luke Skywalker and the iconic Red Squadron at the Battle of Yavin, where Skywalker destroys the Death Star. But, at the time, the many small details in this game-changing film didn't seem poised to connect to anything larger. For the special edition of A New Hope, visual effects teams made some tweaks, one of which was the addition of the Outrider, which can be seen leaving Mos Eisley (upper left) as Luke Skywalker and Obi-Wan Kenobi arrive. "The funniest book you'll read this year." -ShortlistIt has its moments. Additionally, quite a few of the brightly colored flags seen on Kanata's castle correspond to those carried across the race track in The Phantom Menace's podracing scene. ...more Alan Dean Foster has been on my radar for awhile, but with a massive output, much of it serial, I had no idea where to start. It's not about any real dramatic series of events, it's not full of research, and it's light on jokes. The original trilogy (Episodes IV, V and VI) centered on Luke Skywalker. So, does that mean the Ark has its origins in a galaxy far, far away? This book is 400 pages. Or one of his long-running series? To save the innocent people of Xorrn, heroes must gather the most unlikely of allies. George Lucas' family, especially when it comes to his daughter Katie. His similes and metaphors are perfect, especially when regarding nature, and that alone will keep me reading him. Photo Courtesy: Lucasfilm/Disney+ Although he's had more outings as Anakin than any other actor, most fans probably wouldn't know his face — at least not immediately. Thanks to a bevy of iconic costumes, some Star Wars actors aren't exactly known by their looks. Since then, Davis has been credited with the portrayal of at least seven more characters across the Star Wars films. Keith Ryan KappelRyan K. As seen here, one trooper barely keeps his armor together thanks to some Imperial duct tape. In fact, many of them felt a little longer than necessary. Most of it reeks of blind nostalgia. Beyond that, the book was inspired by an upper class B-list celebrity freaking out because he was turning 30. In Solo, Lando Calrissian, Han's longtime buddy, pilots the Falcon. MORE FROM ASK.COM Thankfully, Rex, a former clone trooper and mainstay in The Clone Wars series, survives and even participates in the Battle of Endor. Carrie Fisher's Daughter of Hollywood legend Debbie Reynolds. The Number 42 Holds Special Significance in "The Rise of Skywalker" Toward the beginning of Episode IX, our heroes — Rey, Finn, Poe, Chewie and protocol droid C-3PO — travel to the desert planet of Pasaana. In The Force Awakens, Rey finds herself being held hostage on Starkiller Base, the First Order's stronghold. Series Composer John Williams has over 260 musical credits, 51 (probably soon to be 52) Academy Award nominations and, of those nominations, five Oscar wins. Very few of the anecdotes felt like a story that needed to be told. In a twist of fate, Princess Leia's ship, the Tantive IV, is docked on the Rebel flagship, undergoing repairs. Perhaps one of the most exciting turns in the film was the heroes boarding the Millenium Falcon once again, which hadn't been seen up close-and-personal since 1983's Episode VI. "Another comedy masterpiece." - The Bookseller The Bookseller The Bookseller apparently mostly reads books about famine and war. Aayla Secura (top right; voiced by Jennifer Hale) also appears in Clone Wars and meets her untimely demise in Episode III. Warrick (top left), who makes his first appearance in Episode VI on the forest moon of Endor. Although they were initially different characters, the two were later merged into Zett Jukassa, a tuckerization of Jett's name. If that didn't sound on-the-nose for a final film, this will: The celebration takes place every 42 years — meaning the last one happened around the time Star Wars: Episode IV—A New Hope (1977) took place. Notes and references[] External links[] Explore all of Wookieepedia's images for this article subject. Photo Courtesy: Lucasfilm/Disney+ In the standalone film Solo: A Star Wars Story (2018), Han gives his ex-flame Qi'ra the dice and promises they'll find each other again one day. It was released on December 8, 2016 and contains both Legends and Canon material. Later on, Han gets the chance cubes back from her — and, clearly, holds onto them. Very dry books about famine and war. Now that I'm done judging a book by its size, I must condemn it for bulk. Photo Courtesy: Lucasfilm/Disney+ Known by some as Bantha milk, blue milk is available at Disney's Galaxy's Edge theme park. This is true for Anthony Daniels, the actor who famously portrays protocol droid C-3PO in every Star Wars film — except Solo. Photo Courtesy: Lucasfilm/Disney+ In The Phantom Menace, the battle droid that deactivates in front of Jar Jar Binks has "1138" imprinted on its back. They certainly can't bullseye womp rats or evade Jedi mind tricks, but even simple tasks become difficult for these clumsy characters — something that's been blamed on the awkwardness of the costumes in the original films. I can understand it in a way, because listening to a affluent, semi-famous british guy whine about turning 30 in good health with a stable marriage doesn't sound like a terribly good pitch. Overall this reeks of "I have a three book deal and two good book ideas". Antilles and euch! Triggered your gag reflex," Hamill recalled. Photo Courtesy: Lucasfilm/Disney+ According to his sister Katie Lucas, Jett inspired the name of the Gungan species, whose most notable member is Jar Jar Binks. In Episode III, a YT-1300 — confirmed by George Lucas and some subsequent novels to be THE Falcon — docks in a spaceport on Coruscant. Even if this gag was purely done by and for the modeling team, it's still fun to know that these folks were enjoying practical effects — and some practical jokes. Photo Courtesy: Lucasfilm/Disney+ In Attack of the Clones (pictured, left) she plays a Twi'lek woman named Lunae Minx who is hanging out at a bar Anakin and Obi-Wan Kenobi stumble into while tracking an assassin. Another character from Rebels does make it onto the screen, however; the ever-cantankerous astromech droid Chopper can be seen rolling through the rebels' hangar. Antilles crops up at Episode V's Battle of Endor — and he survives to see the fall of the Empire. 007 Joins the First Order This next Easter egg isn't really one you can see — and not because it takes sharp eyes to spot it. Note to mention, the show serves as a great way to connect the various animated series with the franchise's movies. An Imperial captain, driven by secret agendas, leads an unsanctioned mission to destroy the neutral shipyards of Xorrn in the FERRA SECTOR. When Fisher assistant, Corby McCoin. During the run of The Clone Wars TV series, Jett inspired the character of Ion Papanoida — namely because his father and sister inspired the character's father and sister and sister and sister inspired the character's father and sister and sister and sister inspired the character's father and sister inspired the character's father and sister and sister inspired the character's father and sister inspired the character's father and sister and sister inspired the character's father and sister's father and sister's father and siste asteroid field. Another about a massive megalodon would have been tenser with the fat cut. Photo Courtesy: Lucasfilm/Disney+ In A New Hope, a group of stormtroopers runs after our heroes and, on the right-hand side, sharp-eyed viewers will notice that one of the troopers bangs his head on the doorway. Jett Lucas Makes a Cameo as a Young Jedi in Episodes II & III Jett Lucas, George Lucas' adopted son, has cameos in Attack of the Clones and Revenge of the Sith as a Jedi padawan. In A New Hope, Luke Skywalker and Han Solo — disguised as stormtroopers to save Leia — say they're transferring their "prisoner" Chewbacca to cell 1138. In Episode III, he has a bit part as Captain Colton, the pilot of the Tantive III, which belongs to Leia's adoptive father Bail Organa. Also, I've read books by both David Sedaris and Sarah Vowell this year, making that claim virtually impossible. Eventually, the hunters tail Han Solo and Leia Organa (who are aboard the Falcon) to the planet Bespin, where Boba Fett leaves IG-88 for scrap metal. Jeremy Bulloch, half-brother of producer Robert Watts, is best known for playing the helmeted Boba Fett in Episodes V and VI. Dear Daniels also has a small cameo in Episode II, playing a blink-and-you-miss-him bar patron. It's about Daniel Wallace finding an address book from his childhood and deciding he needed to hunt them all down because he was freaking out about turning 30. While fans can't actually spot Syndulla on-screen, Filoni has said that "Hera will eventually become a general in the Rebel Alliance," even helping out at the Battle of Endor. Rian Johnson, director of The Last Jedi, made an appearance in Rogue One as an Imperial officer (left). In The Phantom Menace, she plays Amee, one of young Anakin Skywalker's friends on Tatooine. From mentions of Grand Admiral Thrawn to portraying Ahsoka for the first time in live-action, The Mandalorian is all about detail, which is why we can't help but admire these casting decisions. First up, we have Bo-Katan Kryze, a former member of the Death Watch faction on Mandalore. Initially, she auditioned for the part of Rey in 2015's Star Wars: Episode VII—The Force Awakens, but when the role went to Daisy Ridley instead, Lourd nabbed the role of Lieutenant Kaydel Ko Connix, fighting in the resistance alongside her mother's beloved General Leia Organa. Between all of these films, we also have two high-profile, award-winning animated series, Clone Wars and Rebels; the live-action TV phenomenon The Mandalorian; and countless other shows, books, and games. When I saw that it was for a short story collection, I was sold. The Ark of the Covenant Has Origins in "A Galaxy Far, Far Away" In 1981's Raiders of the Lost Ark, director Steven Spielberg throws in a nod to writer/producer George Lucas' Star Wars. And, as you enjoy our findings, "May the Fourth be with you" — always. "The Phantom Menace" Features a Reference to Stanley Kubrick's "2001: A Space Odyssey" If you're a cinephile, you may notice The Phantom Menace includes a few more nods to sci-fi classics. Apart from showing astromech Chopper rolling through the base and a pager calling for General (Hera) Syndulla, Rebels' most iconic ship can also be spotted above Scarif in the film's final battle. "The Rise of Skywalker" Is Packed With Cameos From Big-Name Actors Although The Rise of Skywalker doesn't pull a Marvel movie and include after-credits sequences, it does try its darndest to spotlight some famous faces (and voices). The thing I took away from this is that, even though many of the stories just weren't my thing, the prose is wonderful. Friends Like These takes players to a new sector where they encounter Mandalorian culture and face a brutal moral decision regarding who the Rebel Alliance should call friends. Also Brown provides the voice for Mr. Krabs. With friends like these, they must hold out against the Galactic Empire until the Rebel Armada arrives.... Entering the code on Episode III's DVD menu cuts to a clip of Yoda breakdancing. Not only is this a clever time-saver for the visual effects team, but it's also a fun Easter egg for fans. When intelligence reveals that an important and secret shipyard is under threat, the player characters have two days to arrange the planet's defense and recruit allies in the region before Imperial forces arrive. Hard choice — but clearly both are reliable. Media[] Editions[] ISBN 9781633442993; December 8, 2016; Fantasy Flight Games; US hardcover[2] Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of contents & back cover artEpisode III: The Zygerrian ParadoxTable of Contents & back cover artEpisode III: The Zygerrian ParadoxTable of contents & back cover artEpisode III: The Zygerrian ParadoxTable of contents & back cover artEpisode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of contents & back cover artEpisode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover artEpisode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover gallery[] Front cover background art & Episode III: The Zygerrian ParadoxTable of Cover gallery[] Front cover gallery[] Front cover gallery[] Front is incomplete. He doesn't mention that all this was done on a hiatus between well-paying television work and probably didn't really hurt him financially since the optioning of that awful looking Jim Carrey movie "Yes Man" could most likely cover his expenses. Originally, actor Jeremy Bulloch donned the now-infamous armor in The Empire Strikes Back and Return of the Jedi, and, in the prequel Attack of the Clones, a young Boba was played by Daniel Logan. In the prequel films (Episodes I, II and III), Anakin - and his descent into villainy - become the series focus, so the connections are obvious. One such voice actor is Matt Lanter, who voices Anakin Skywalker in The Clone Wars animated series. In The Mandalorian's second season, Bo-Katan makes her live-action debut — also played by Sackhoff. Davis appears in The Force Awakens, The Last Jedi, Rogue One, Solo and even The Rise of Skywalker, where he dons his Wicket outfit again. Just below the seven-engined Tantive IV-looking ship, sharp-eyed fans can see Hera's ship, the Ghost, reporting for duty. Photo Courtesy: Lucasfilm/Disney+ In fact, Racer is so popular that it even has a cameo in the Star Wars films. Photo Courtesy: Lucasfilm/Disney+ Sure, a tip of the hat to Steven Spielberg's E.T. feels almost expected, but George Lucas had another famous director in mind when populating Watto's junkyard with spare parts, broken droids and half-busted machines. Photo Courtesy: Lucasfilm/Disney+ In 1999's Episode I, Davis was credited with playing four characters: one of young Anakin Skywalker's friends, W. One group of E.T.-looking aliens, called Asogians, is led by Senator Grebleips — that's Spielberg backwards. But they're sporadically placed. When Indy finds the titular Ark, there are some pretty recognizable hieroglyphics on the left-hand side. Most excitingly, Ahsoka Tano (bottom right; Ashley Eckstein), a fan-favorite character from Clone Wars and Rebels, and Kanan Jarrus (top middle; Freddie Prinze Jr.), a Rebels alum and one of the few Jedi who survived Order 66, can be heard. Ag ag ag ag ag. If you look a bit to the right, you can also see part of a Playboy pinup. These days, Katie is an accomplished screenwriter, with quite a few credits on the Star Wars: The Clone Wars animated TV series. He sure does. Industrial Light & Magic (ILM) was founded in May 1975 by George Lucas as a division of his film production company, Lucasfilm. Photo Courtesy: Walt Disney Studios/IMDb C-3PO explains that the native Aki-Aki people are celebrating the renowned Festival of the Ancestors, which is known for its colorful kites and tasty sweets. Potentially. Kanata, a "pirate queen" who welcomes smugglers of all sorts, has decked her castle out in a variety of banners. The very last story, about musical trees on an alien world (remarkably similar to a Clifford Simak story in that way) was probably may favorite. Jackson). Perhaps most importantly, entering the code 1-1-3-8 on your remote while watching the DVD version of Episode II brings up a blooper reel of a clumsy Hayden Christensen and reveals a clip of Yoda and some troopers chatting, as if caught being casual between scenes. And Lourd herself would go on to appear in all three Star Wars: Episode VII—The Force Awakens, Maz Kanata's (Lupita Nyong'o) castle on the planet Takodana holds a lot of fun connections to the larger Star Wars universe — some more obvious than others. And when Lucas returned to bring audiences Episode I in 1999, the visual effects team hid the letters "ILM" in a red reflection of light, which can be (sort of) seen by pausing the scene in which Queen Amidala gazes out the window of Theed Palace. Adi Gallia (bottom left; voiced by Angelique Perrin) appears on the Jedi Council in the prequels and in several Clone Wars storylines. The talented actor has also lent his voice to Rebels, in which he plays Ryder Azadi, the Governor of Lothal who sympathizes with the blossoming Rebellion. Hamilton's Lin-Manuel Miranda (bottom right), who composed some fun tracks for Episodes VII and IX, nabbed a background cameo as a Resistance fighter. Finn even turns on the Dejarik table — and while he doesn't actually play holochess, it's still a fun nod to A New Hope. clamoring for his live-action revival. As fans know, Boba is Jango Fett's "son" — a clone whose aging process wasn't sped up. Fans will recall that two cannon operators aboard the Death Star demonstrate the weapon's enormous power by blasting Leia's home planet of Alderaan to smithereens. It's no secret that The Mandalorian is packed with great cameos. She successfully convinces the trooper to release her binds so that she can escape. It's the same type of ship as Han Solo's Millennium Falcon, arguably the most iconic ship in the galaxy. Unfortunately, it's nailed to a framework too lazy and uninspired to hold it all together. There's a lot of weird omissions like that, moments where I felt Danny wasn't playing it straight with me and didn't even have the decency to say why. After being interrogated by Darth Vader-wannabe Kylo Ren, Rey finds herself alone with some stormtroopers. Although Disney now makes the frozen, plant-based blend from coconut and rice milks, Hamill stated that the original was life-long milk dyed blue. "So there's an indication that I'm an underrated actor — I gulped it and acted like I liked it without vomiting." Although viewers debate whether or not this next Easter egg can actually be spotted in A New Hope, it's still fun to know about. In The Last Jedi, Luke Skywalker tells his sister Leia "No one's ever really gone" and presses the golden dice into her hands (well, sort of) as a reminder of the late Han. Literally. A Clone Trooper From the Prequel Films Has a Role in a Movie Made Nearly 20 Years Earlier — Well, Maybe... Perhaps one of the most fun Easter eggs was never meant to be one at all — that is, until the Star Wars: Rebels animated series ended and flashed forward a bit, showing used a bit, showing us which characters made it to see the fall of the Empire in Episode VI. The creatives behind the beloved space opera have packed a lot of details into the galaxy far, far away. You can spot him later on in Bespin's glorified dumpster. Or pick a standalone? IG-88, along with his rival Boba Fett, compete for the bounty. One of them is a fun Lovecraftreferencer, the other is the cover story, which has some merits but left me with a lot of questions. Steven Spielberg's "E.T." Phones It in During "The Phantom Menace" Back when Star Wars: Episode IV-A New Hope premiered in 1977, it became the highest-grossing film of all time, eclipsing Steven Spielberg's Jaws (1975). The asteroids whip by quickly, so it's difficult to make out details. Photo Courtesy: Lucasfilm/Disney+ The Hutt leader attends the podrace that Anakin Skywalker enters, waving to the crowd. Meanwhile, Dave Filoni, the mastermind behind The Clone Wars and Rebels, makes a cameo in The Mandalorian (right) as a New Republic X-wing pilot called Trapper Wolf, right alongside fellow Mandalorian directors Rick Famuyiwa and Deborah Chow, who play the pilots Jib Dodger and Sash Ketter, respectively. Carrie Fisher's Dog Gary Appears in "The Last Jedi" Carrie Fisher's constant companion was Gary, a floppy-tongued French bulldog whom Fisher's daughter, Billie Lourd, suggested her mom adopt to help Fisher's Constant companion was Gary, a floppy-tongued French bulldog whom Fisher's Dog Gary Appears in "The Last Jedi" Carrie with her bipolar disorder. Before Rebels' finale aired, creator Dave Filoni said, "I really do think that Rex is that guy (Nik Sant) on Endor. Why is this exciting? Although designed primarily for Age of Rebellion players, because of its Outer Rim focus and balance between warfare and diplomacy, Friends Like These is ideal for groups incorporating characters and material from Edge of the Empire^M and Force and Destiny^M as well. You can help Wookieepedia by expanding it. Before that, she had minor roles in all three prequel films. Some lesser-known Jedi — and those who appear exclusively in animated series like The Clone Wars and Rebels — also drop by. In 1980's The Empire Strikes Back Han, Leia, Chewbacca and protocol droid C-3PO get into a world of trouble when Han flies the Millennium Falcon straight into an asteroid field in an attempt to escape the Empire's clutches. Within the 96 full-color pages of this supplement, players and game masters will find gazetteers for three new planets, countless NPCs, and directions for creating playable human characters of the Mandalorian culture. Most controversially, Dominic Monaghan (top right) won his role of Beaumont Kin, a historian-turned-Resistance trooper, after betting on the outcome of a World Cup game with director J.J. Abrams. During The Clone Wars TV series, Techno Union Leader Wat Tambor terrorizes the planet Ryloth, ransacking it of its riches before the Republic staves him off. However, because Episode I is a prequel — and because it spends a lot of time on Tatooine — it provided the perfect chance for a Jabba cameo. What seems like a throwaway line of dialogue toward the end of the film actually ends up being a huge plot point in Episode VIII I'm getting like Palpatine; I'm getting power crazy." Later on, Filoni told IGN that he decided against making the "Rex is Nik Sant" idea Star Wars canon because Sant was already an established character. The Force Is Strong in Denis Lawson's Family Photo Courtesy: Danny Martindale/WireImage Fan-favorite character Wedge Antilles made his first appearance in 1977's Star Wars: Episode IV—A New Hope. At times it seems like he removed details about his life specifically to try and engender more likability. The stories here include some of Foster's earliest, two of which are his very first sold stories. The jokes that are made hit home about 75% of the time. On the flipside, a story about sardine fishing and "miracles" was agonizingly boring. Photo Courtesy: Lucasfilm/Disney+ Although back in the day ILM was on the forefront of model-making and puppetry, the company soon broke ground on computer-generated animation (CGI) and motion-capture technology. Photo Courtesy: Walt Disney favorite ships flying above Exegol include the Crucible, an ancient ship once used by the Jedi and later salvaged by space pirate Hondo Ohnaka; (potentially) the Shadow Caster, famously piloted by Rebels bounty hunter Ketsu Onyo; the Eravana, piloted by Han and Chewbacca in The Force Awakens; and even Dash Rendar's Outrider. We also couldn't help but love the moment Boba told Mando (Pedro Pascal) that he's "a simple man, making his way through the galaxy" — a clear nod to the time Jango told Obi-Wan Kenobi (Ewan McGregor) "I'm just a simple man, trying to make my way in the universe." In TROS, Rey Hears the Voices of Several Significant Jedi From "Clone Wars" & "Rebels" In order to take down Emperor Palpatine in The Rise of Skywalker (Hayden Christensen), Obi-Wan Kenobi (both Ewan McGregor and Sir Alec Guinness), Luke Skywalker (Mark Hamill), Yoda (Frank Oz), Qui-Gon Jinn (Liam Neeson) and Mace Windu (Samuel L. No, it's not the fact that Harrison Ford (a.k.a. Han Solo) plays Indiana Jones — it's a much deeper cut. For example, Princess Leia (Carrie Fisher) is taken prisoner by Darth Vader and thrown in cell 2187. In one of the Forces of Destiny shorts, Syndulla and Han Solo even bicker on the forest moon of Endor, after the fall of the Empire, about whose ship is better, the Ghost or the Millennium Falcon. The Stormtroopers of "A New Hope" Are Barely Holding It Together The Empire's stormtroopers aren't known for their intelligence. But that's not all. Wald (top center); an excited podrace spectator, Weazel (bottom, second from right); a blink-and-you-miss-it Tatooine street trader; and even, in select scenes, Master Yoda himself. According to the future. In both Clone Wars and Rebels, Bo-Katan is voiced to perfection by Katee Sackhoff. And like any good carbon(ite) copy, Rendar comes equipped with his own Millennium Falcon-esque ship, the Outrider, a YT-2400 light freighter. References to George Lucas wrote and directed a social sci-fi short film called THX-1138 4EB in 1967 while attending film school at the University of Southern California. I would have cut out 100 pages minimum, possibly up to 200. While ILM was created ahead of Lucas' production of A New Hope (then simply dubbed Star Wars), the company is known for pulling off some of cinema's most impressive effects, from Indiana Jones to Pirates of the Carribean. In the film's opening, Darth Vader and co. From Singing in the Rain (1952) to Star Wars, Lourd's family is entrenched in the business of making movies. The first is more self-referential: In the background of a scene in Mos Espa, keen viewers can spot Luke Skywalker's landspeeder from 1977's A New Hope. But the Star Wars/E.T. connection doesn't end at the box office. Photo Courtesy: Star Wars: The Clone Wars & Star Wars: Rebels/Lucasfilm/Disney+ Luminara Unduli (top left; voiced by Olivia D'abo) appears in Clone Wars and wards off enemies on Geonosis in Episode II. Star Wars: Episode VII—The Force Awakens launches the series' third and final trilogy of films. At the end of Rise of Skywalker, the Ghost — and nearly every other ship in the galaxy — join Millennium Falcon pilots Lando Calrissian and Chewbacca. And nods to this early film crop up all the time in Star Wars. Clancy Brown appears as Burg, a Devaronian mercenary who joins the titular Mandalorian" Cameo — Sort Of In the same episode Matt Lanter — a.k.a. Anakin Skywalker — makes a cameo, so does another well-known voice actor from that Star Wars universe. However, a few years later Episode IV's \$775 million record was beaten by Spielberg's own space- and alien-themed blockbuster E.T. (1982). Photo Courtesy: Lucasfilm/Disney+; Lucasfilm/Netflix While looking for the Death Star schematics on Scarif, Jyn Erso comes across a file called "hyperspace tracking" — meaning the Empire is hard at work on this particular project. It's fitting, then, that Temuera Morrison, the actor who played Jango in Attack of the Clones, has been cast as Boba in both The Mandalorian and The Book of Boba Fett (2021). Sharp-eyed viewers can spot the infamous concoction on the Erso family's kitchen counter in Rogue One (top left), and it's Anakin and Padmé's drink of choice in Episode II (right). pursue Princess Leia Organa and her crew, who are aboard the Tantive IV. Warwick Davis Has Played More Than Seven Characters in the Star Wars Universe Actor Warwick Davis is perhaps most well-known in the Star Wars universe for his portrayal of the love-him-or-hate-him Ewok character Wicket W. A set production assistant was also jokingly called "Javva the Hutt" in Episode II's credits — extra funny considering that's the name of the onsite coffee shop at the ILM and Lucasfilm campus. Photo Courtesy: Lucasfilm/Disney+ Most notably, one of the banners in the very center portrays the Mandalorian Diamond or "Iron Heart" — a skull-looking emblem that's never been fully explained in canonical Star Wars lore. To make sure Daniels still popped up in Solo, he plays Tak, a mine worker on Kessel. Boba Fett. At the end of Rogue One, those schematics are transmitted to a nearby Rebel flagship. Still, some fans like to run with the idea that the characters are one in the same — or that Rex is at least on the forest moon. In Episode II, a YT-1300 Freighter ship can be seen landing on Naboo when Anakin and Senator Padmé Amidala arrive there. Rodriguez/Getty Images for Turner Since 1977, Williams has composed all of the music for the nine films in the Skywalker Saga and, in the saga's final and most recent film, the legend traded a conducting baton for a mechanical eyepatch. Afterward, while making repairs on the Falcon, C-3PO tries communicating with the ship. Cut to 2018's Solo: A Star Wars Story, which fills in Han's backstory pre-A New Hope. Early on, there's a shot of the Tantive IV's cockpit, which model-makers at ILM had some fun designing. Braving the Battle of Scarif and (potentially) the Battle of Sca screen time, voicing the droid D-O (bottom left). Brooks Roleplaying game adventure book for Fantasy Flight Games' Star Wars: Age of Rebellion roleplaying series. Clearly, Brown has the uncanny ability to play a convincing horned alien. And that makes Lanter's extended cameo in The Mandalorian that much more fun. Photo Courtesy: Lucasfilm/Disney+ The model of the Tantive IV included a rather meta reference: A Star Wars film poster was pasted to its wall. Photo Courtesy: Lucasfilm/Disney+ Having recently realized her strong connection to the Force, Rey attempts to use a Jedi mind trick on the unsuspecting trooper. In 1971, Lucas reworked the project into a theatrical feature under the new title THX 1138. A Throwaway Line in "Roque One" Actually Foreshadows "The Last Jedi" We've said it before and we'll say it again: It's great that Roque One focuses on its own plot and characters while sprinkling in little details and Easter eggs for Star Wars diehards. Han, Leia, Chewbacca and protocol droid C-3PO escape the planet Hoth aboard Han's trusty Millenium Falcon. (The person next to her? A Ship From the Nintendo 64 Game "Shadows of the Empire" Appears in "A New Hope" There have been plenty of Star Wars video games over the years, but the Nintendo 64 hit from 1996, Shadows of the Empire, might be one of the most fondly remembered. Photo Courtesy: Lucasfilm/Disney+ In The Phantom Menace (1999), George Lucas includes a small nod to his friend Spielberg. However, members of the visual effects team have admitted to basing the shapes of some of the space rocks off of a potato and a tennis shoe. Facebook are already doing it. This self-absorbed bloated book gives the reader way too much detail about what's often a boring childhood. Photo Courtesy: Lucasfilm/Disney+ While aboard the Falcon, Finn (John Boyega) searches for a first aid kit for an injured Chewbacca and picks up a familiar item: the remote-controlled sphere used by Luke Skywalker to test his blossoming Jedi reflexes during Episode IV. Jabba the Hutt? The visual effects team created him using a combination of special effects and old-school puppetry, and in Episode I's credits he's listed as playing himself. But that's not where Jett's involvement stops. Photo Courtesy: Lucasfilm/Disney+ Does Dash Rendar sound like a Han Solo stand-in? The shame is that there are some funny moments, a few interesting stories, a kernel of humorist storytelling talent. "Rogue One" Ends Mere Minutes Before Episode IV Begins Spinoff Rogue One" Ends Mere Minutes Before Episode IV Begins Spinoff Rogue One" Ends Mere Minutes Before Episode IV Begins Spinoff Rogue One" Ends Mere Minutes Before Episode IV Begins Spinoff Rogue One" Ends Mere Minutes Before Episode IV Begins Spinoff Rogue One" Ends Mere Minutes Before Episode IV Begins Spinoff Rogue One" Ends Mere Minutes Before Episode IV Begins Spinoff Rogue One" Ends Mere Minutes Before Episode IV Begins Spinoff Rogue One" Ends Mere Minutes Before Episode IV Begins Spinoff Rogue One" Ends Mere Minutes Before Episode IV Begins Spinoff Rogue One" Ends Mere Minutes Before Episode IV Begins Spinoff Rogue One (2016) tells the story of how the Rebels and the story of how the story of how the Rebels and the story of ho destroying the gigantic space station in A New Hope. Finn Finds All of the Millennium Falcon's Games (& Guides) The Force Awakens is heavy on nostalgia - and that also makes it rife with Easter eggs and fun nods. ...more Photo Courtesy: Lucasfilm/Disney+; Star Wars: Darth Vader/Marvel Comics For those keeping count, we're now up to 11 Star Wars feature films: nine mainstay titles (Episodes I through IX) and two spinoff films, Rogue One (2016) and Solo: A Star Wars Story (2018). And one of the stars is Finn (John Boyega) — a stormtrooper who defects from the First Order and whose ID number was FN-2187. One of Alan Dean Foster has been on my radar for awhile, but with a massive output, much of it serial, I had no idea where to start. I enter any giveaway where the synopsis seems halfway interesting. First, I must take you to task for the beginning, earning an Oscar for his work on Star Wars: Episode IV — A New Hope (1977). "Clone Wars" Star Matt Lanter Appears in "The Mandalorian" Apart from obscuring their faces with helmets or droid parts, Star Wars actors can be relatively unrecognizable for another reason: They're best known for lending their voices to beloved characters. Photo Courtesy: Disney+ Meanwhile, Jodie Comer, who won an Emmy for her portrayal of Killing Eve's assassin-for-hire Villanelle, takes a turn as a young Rey's fleeing mother (top left). As of 2011, the game has held the record for best-selling sci-fi racer, beating out the likes of F-Zero and Wipeout with 3.12 million sales. Seen briefly behind the bar in The Rise of Skywalker's planet Kijimi, Williams doesn't have any dialogue, but his character does have a fun name: Oma Tres — an anagram for "Maestro." Han Solo's Chance Cubes from "A New Hope" Appear in "The Last Jedi" & Spinoff Film "Solo" When someone dressed the set of the Millennium Falcon's cockpit back in the '70s, they probably had no idea that one of the smaller, seemingly insignificant details would be used in later films as Han Solo's calling card of sorts. YT-1300 Freighters Appear in the Prequels Fans love when there's a bit of connective tissue between the Star Wars films. Although Antilles isn't initially part of the Resistance in Episode VII — actor Denis Lawson turned down the part, saying it would "bore" him — he makes a brief appearance at the end of Episode IX. It's slow paced, only intermittently funny, and Dear Daniel Wallace, I won your book in a Goodreads Giveaway. Whether you're spending today rewatching the prequels, or catching the prequest of the best Easter eggs, cameos and hidden details sprinkled throughout the franchise. Photo Courtesy: Lucasfilm/Disney+ Nonetheless, the devil is truly in the details. However, Darth Vader himself boards said ship to retrieve the schematics. Photo Courtesy: Lucasfilm/Disney+ Created by George Lucas' esteemed visual effects division Industrial Light and Magic (ILM), the effects are impressive, especially given Empire's 1980 release date. Nintendo 64 Game "Episode I: Racer" Appears in Episode II Released by LucasArts in conjunction with Star Wars: Episode I—Racer allowed players to jump into the cockpit of a podracer. Photo Courtesy: Lucasfilm/Disney+ Brown is perhaps best known for voicing Savage Opress in The Clone Wars TV series - the Dathomirian Nightbrother-turned-Sith-in-training who just so happens to be Darth Maul's kin. That's because the subject matter is utterly flighty. Photo Courtesy: @MTVNews/Twitter; @DiscussingFilm/Twitter Popular with fans and cast members alike, Gary was so beloved that director Rian Johnson gave the dog a special cameo as a lovable space creature on Canto Bight's casino. Directors Rian Johnson & Dave Filoni Appear in Cameo Roles Although director George Lucas waited until Episode III, the sixth of his Star Wars films in terms of theatrical release, to have a cameo, he certainly wasn't the last Star Wars director to do so. But the Force is still with Gary. Photo Courtesy: Getty Images Clearly, General Syndulla received that page. Ahmed Best, who voiced and provided mo-cap for Jar Binks.) Finally, Katie played Senator Chi Eekway Papanoida in Revenge of the Sith, seen here (right) speaking to her father George Lucas, who has a cameo as Baron Papanoida. But, on Pasaana, things are much more festive than our heroes anticipated. Even if you pause, it's hard to spot: Most asteroids look a bit potato-like. And while these troopers aren't particularly cunning — or capable — they're at least...resourceful? Though difficult to spot, golden dice hang from the smuggler's cockpit in A New Hope. We love to see that kind of continuity. Photo Courtesy: Disney+ Next up? While Watto gives Jedi Qui-Gon Jinn (Liam Neeson) a tour of the scrap heap, you can spot an EVA pod from Stanley Kubrick's classic 2001: A Space Odyssey (1968). They're searching for an object that will lead them to Exegol, the hidden world of the Sith located in the galaxy's Unknown Regions. That susceptible stormtrooper is played by none other than Daniel Craig — James Bond himself. In the show, Lanter portrays Davan, a New Republic soldier left to look over a prison ship. Photo Courtesy: Lucasfilm/Disney+ Later, Jedi-in-training Luke Skywalker (Mark Hamill), smuggler Han Solo (Harrison Ford) and Wookie co-pilot Chewbacca (Peter Mayhew) bust Leia out of her holding cell. Later, in The Last Jedi, Rose Tico is surprised to hear that the Empire heir apparent — the First Order — has cracked the code on tracking ships through lightspeed, something that had been (secretly) in the works for a while. Photo Courtesy: Alberto E. Photo Courtesy: Lucasfilm/Disney+ In The Empire Strikes Back, Darth Vader puts out a call for bounty hunters to track down the Millennium Falcon, our heroes' trusty ship.

The book presents all you need to know about The Old Republic timeline, keeping the narrative very much like other reference Star Wars books. Don't expect to read a lot of game terms or rules or advise, this book centers on the story of this time, on ... Inspired by the cuisine from the exciting new Star Wars: Galaxy's Edge themed lands at Walt Disney World and Disneyland, Star Wars: Galaxy's Edge: The Official Black Spire Outpost Cookbook is the ultimate source for creating out-of-this-world meals and treats from a galaxy far, far away. Join intergalactic gourmet Strono "Cookie" Tuggs for a mouthwatering journey into ... The Star Wars Holiday Special is a 1978 American television special that originally aired on November 17, 1978, on CBS. It is set in the universe of the sci-fi-based Star Wars media franchise. Directed by Steve Binder, it was the first Star Wars spin-off film, set between the events of the original film and The Empire Strikes Back (1980). It stars the main cast of the original Star ...
