Table of ContentsWhat is Pokemon X RomGraphic and Play Style3D gameplayFAQWhat is Pokemon X RomPokemon X and Pokemon Y are role-playing video games that include adventure elements. They are presented from an overhead, third-person perspective. These are the first Pokemon games to feature 3D functions that work with the Nintendo 3DS consoles. The player controls the young trainer, who is on a quest for Pokemon. He or she will battle other trainers to capture and train them. The player can defeat opposing Pokemon in turn-based combats to gain experience. This allows the Pokemon to improve their battle statistics and learn new moves. In some cases, they may even evolve into stronger Pokemon. Players can also capture wild Pokemon that they encounter randomly by weakening them during battle and adding Poke Balls.Graphic and Play StyleWith detailed graphics and intense 3D battles, all-new Pokemon and old favorites are brought to life. You can become a Pokemon Trainer to embark on an adventure in a visually stunning region full of new Pokemon to trade, catch, and battle. To form a stronger bond with your Pokemon, you can play, pet, and feed them. This could be a benefit in future battles. You can also connect with other players all over the world to trade or challenge your Pokemon.3D gameplayPokemon X, Y and other games in the main series feature a three-dimensional game style. 3D modeled cel-shaded characters and creatures are used instead of sprites as in previous games. Stereoscopic 3D may be used in Single Battles and cutscenes. However, it is not possible to use it under any other circumstances. The battle system has been aesthetically redesigned, with more animated reactions to attacks (e.g. when a Pokemon is hit).FAQs Pokemon X playable on Citra?With the introduction of AAC Decoder, Pokemon X and Pokémon Y now work flawlessly in Citra. The graphics are not great. For example, cutscenes will have a black background. The game runs great with good hardware.Can I play Pokemon X in Android?Pokemon X cannot be played on Android without an emulator. This is true for Pokemon X Y and Omega Ruby as well as Sword and Shield and other similar games. To play them, you will need a Nintendo 3DS console or a PC. An all-new 3D Pokémon adventure packed with never-before-seen Pokémon has launched! Pokémon X and Pokémon Y presents a new generation of Pokémon and introduces players to an exciting new adventure in a breathtaking 3D world.You'll be able to go on your journey as a boy or a girl, and you can choose how your hero looks overall! Find a look that suits you, and then set off on your travels!Your adventure takes place in the expansive Kalos region, where you'll explore cities, meet people, and encounter many Pokémon. Don't miss Lumiose City, the central hub of the region, where you'll return many times on your journey.Look for all-new Fairy-type Pokémon, the first new Pokémon type since Dark-type and Steel-type Pokémon were introduced almost a decade ago. Fairy-type moves are super effective against Dragon-type Pokémon. One such Fairy-type Pokémon to meet is Sylveon, the new evolved form of Eevee!All-new battle formats are fun for new players and Pokémon pros. Sky Battles feature duels between Pokémon that can fly, and Horde encounters are massive competitions where one of your Pokémon faces many wild Pokémon at once! These new modes will challenge every Pokémon Trainer.In addition to new battle types, you can also care for your Pokémon with the Pokémon-Amie feature. Feed, pet, and play with your Pokémon to increase your bond. The more you play with your Pokémon, the friendlier they'll become—and perhaps perform better for you in battle.Around the Kalos region, you'll meet a lot of people. First there's the brilliant Professor Sycamore. He's researching Pokémon, and he's looking to you and your friends for help. He may even challenge you to a battle from time to time. But you're also likely to encounter members of the mysterious organization Team Flare. What they're up to is anyone's guess.In Pokémon X and Pokémon Y, some Pokémon will tap into powers long dormant. This special kind of Evolution is called Mega Evolution. In addition to far greater strength, Mega-Evolved Pokémon may also see their Ability change, or even their type!There's a new method of Pokémon training: Super Training! With Super Training, it's not your Pokémon's level that goes up but its base stats, the underlying values that define your Pokémon's skills in battle. These base stats could be increased using items and other methods in previous Pokémon titles, but in Pokémon X and Pokémon Y, you'll be able to raise them far more easily than ever before, thanks to Super Training.The all-new Player Search System (PSS) gives you all kinds of new ways to interact with other players. With the PSS, you can battle and trade with players around the world, as well as share O-Powers, special abilities that will temporarily enhance certain gameplay aspects. And the Holo Caster feature of the PSS lets you trade messages with faraway Trainers and receive Pokémon X and Pokémon Y news bulletins.The Pokémon Global Link has been completely redesigned to be easier and more fun to use! Now, directly from the PGL homepage, see your game progress, enter Online Competitions, and more. You can even share a timeline of your adventures with your friends and the whole world! 07/13/2017: Pokémon X and Pokémon Y 0.1 Report a new version Internet Allows to access internet network.
